PRESIDENT'S MESSAGE

It gives me great pleasure to wish personal and team success for the members of the Canadian Bisley Team at the annual Imperial Meeting at Bisley Ranges during our 150th anniversary year of 2018. The Dominion of Canada Rifle Association has been a staunch and long-standing participant at Bisley for not only our historic connection to this range, but more importantly, the top-level competition in a supportive community environment that is a continuing hallmark of shooting at Bisley.

This year, the Canadian Bisley Team will be led by Dave Adams, our 135th Commandant, capably assisted by the Team Adjutant Peter Dobell. They and their fellow team members are looking forward enthusiastically to representing Canadian marksmanship in this keenly competitive environment, to be sure! They also relish the opportunity to renew friendships and establish new ones with the men and women of the marksmanship community drawn from not just the United Kingdom but around the world too.

Speaking of which, we all owe a tremendous 'thank you' to the National Rifle Association of the United Kingdom for organizing and hosting these matches once again. As all the participant nations appreciate, orchestrating an event of this size and calibre is a massive undertaking, which they accomplish with good humour, wonderful hospitality and practiced professionalism.

In closing - to every member of the 2018 Canadian Bisley Team – good shooting, our wishes for some personal bests for you all and thank you for representing our nation!

Matthew K. Overton
Brigadier-General (Retired)
President
Dominion of Canada Rifle Association

Saxon AEROSPACE

Saxon Aerospace is proud to support the 2018 Canadian Rifle Team to Bisley. We wish the team a successful and rewarding trip.

Today's aviation environment is putting greater demands on your business. We understand your industry and your need for improving workforce performance, reducing hiring costs, expanding workforces and coordinating complicated hiring scenarios.

We have the experience and vision to deliver a higher level of expertise for all your workforce requirements within 24 hours, including fixed wing and rotary wing maintenance, line operations, heavy maintenance, design and manufacturing, and machining.

THE 2018 CANADIAN RIFLE TEAM TO BISLEY

<i>Commandant</i>	-	Dave Adams
<i>Adjutant</i>	-	Peter Dobell
<i>Team Members</i>	-	Serge Bissonette Gary Bowman Catherine Choquette Paul Dudzinski Amy Felder Stan Frost Bianca Fung Stephen Hunt Jeff Jenkins Thomas Jones Fazal Mohideen Roger Mullin Scott Murray Jim Paton Bernie Pepin Don Pitcairn Steven Spinney Gale Stewart Tom Walters Peter Westlake Mike Wong Shui

Dave Adams

TEAM COMMANDANT

As Commandant I am excited about our 2018 Canadian Bisley Team. I am honoured to be associated with this team. We have assembled a very diverse group of Canadians from across our country. This team has a strong youth movement with our youngest member being only eighteen. This is coupled with a strong experienced core and a nice balance of senior shooters to give us the firing point leadership when required. Three of our young women who shot so well for us last year are returning to add another strong dimension. I think we can expect a lot of excitement in the Pavilion this summer. My own first experience at shooting was in the game fields when I was eleven years old. Competing in small-bore rifle shooting as a youth led to a life long love of the shooting sports. Railway work got in the way for a while but the interest was strong and returned to shooting taking up 300 meter shooting in the mid 1980's. Competing in the BC Summer Games and winning the Provincial 300 meter title five times developed an interest in the long range shooting game. None of this could have happened without the support of my wife Patt and our children Erin and Mathew for which I am forever grateful. I have competed at Bisley on five previous occasions and look forward to returning this summer to serve as commandant.

Peter Dobell

TEAM ADJUTANT

I am privileged to be this year's adjutant for the 2018 Canadian Team to Bisley in support of our Commandant, Dave Adams, and the team as a whole.

I was born in Jersey Channel Islands and moved to British Columbia, Canada, in 1967. I started my working life in the B.C. Forest Service and after a short stint in the private sector, went to Gaol for the next twenty-five or so years. During that time, I worked with both Adult and Juvenile offenders in the various "Forest Camps" in the Chilliwack area. I was granted Parole as it were, in 2004 and have been enjoying the retired life with my wife of thirty-eight years, Wendy, three children, six grandchildren and two great grandchildren.

I started shooting in Jersey as a Royal Marine Cadet, at Fort Regent, as part of the smallbore team. After moving to Canada, I did not shoot competitively until 1995 when I became involved in the World Police and Fire Games. Since

then I have competed in both small and large bore events in most of the games since then. I joined the British Columbia Rifle Association and am lucky enough to have General Vokes Range as my home range. For those of you that have traveled to BC I am sure that you will agree that this is perhaps the most picturesque range in Canada if not the continent.

Through my involvement in the BCRA and DCRA I have had the opportunity to shoot on several Bisley teams as well as the WLRC in Brisbane and Camp Perry and look forward to the championships in New Zealand in 2019. I am currently President of the BCRA and have enjoyed hosting several Overseas Teams to BC in the past few years.

I am looking forward to this year's tour and am sure that our team will do well both individually and as a team.

Serge Bissonnette

Serge did a short 35-year stint with the RCMP Police and now instructs Firearms Safety & Hunter Education courses.

He is the V/P of his local club, the NCRRA, running the Target Rifle activity and new shooter program. As a Life Governor of the DCRA he chairs the Shooting Committee.

In the ICFRA world he represents Canada on the World Championship Committee.

This is Serge's 32nd year of being a member of the Canadian Rifle Team to Bisley and has also had the pleasure of representing Canada in New Zealand, Australia, South Africa, United States, Jamaica and Yorkshire. The result of his shooting contribution was his induction in the DCRA Shooters Hall of Fame and for his volunteer work for the DCRA he was also inducted in the Builders Hall of Fame.

Serge is married to Darlene and has a daughter Celine married to husband Fred. Serge is also the proud Grandfather of a three-year old grandson, Tristan.

Gary Bowman

Gary has been shooting Fullbore TR now for over 40 years and has represented Canada numerous times at Bisley and Palma competitions, as well as the Commonwealth Games.

He is actively involved with shooting organizations as a member of Executive and Council of the DCRA and Chairman of Finance for the Ontario Rifle Association.

Gary is an independent project management consultant. He currently lives in Mississauga, just west of Toronto, with his wife and family. He is still married to the same wonderful woman who tolerates his absences.

His other hobbies, time permitting, include golf and restoring his MG sports cars.

Catherine Choquette

Catherine Choquette has been shooting target rifle since going through the fullbore program with the Royal Canadian Army Cadets. She went to Bisley on the Army Cadet National Rifle Team in 2010, earning the Belzile Trophy for top shot as well as winning the Macdonald Stewart prize for highest Canadian Under 25 shooter once back in Canada. She proceeded to coach cadets for four years in the fullbore program, many of whom were able to earn their own spots on the Army Cadet National Rifle Team. On her spare time away from shooting, she enjoys cycling, rock climbing and hiking in her hometown of Ottawa, Ontario. This will be Catherine's second straight year on the Canadian Rifle Team to Bisley. She looks forward to building on her experience from last year and participating in as many team matches as the bosses will allow.

Paul Dudzinski

Paul learned to shoot as a cadet in 1976 and 'retired' from the sport until 1994 when he volunteered as a scorekeeper for the fullbore events at the Commonwealth Games in Victoria. Making up for lost time Paul has shot both individually and on teams at Provincial, National and International Matches.

He was recently a member of the 2017 Bisley Team, the legendary 2013 Canadian Team to Barbados (Australia Match) and also the Canadian Team to the 2011 World Long Range Championship (Palma) in Brisbane, Australia. He returns to Bisley for the 8th time, having recently served as a coach in 2014 / 15 / 17 and Adjutant in 2012. At Bisley, Paul has shot on Overseas, Kolapore and Mackinnon teams, shot on a winning team in the RAF Match, captained a victory over Wales (by one vee) in 2015 and coached on the winning Overseas Match of 2017. If you include the Palma and Australia Matches it appears to add up to a visitors version of the 'Big 5'!

Paul lives in Victoria, BC with his wife Sandy and supports his shooting and golf habits as a Structural Engineer.

Amy Felder

I had my debut experience last year on the Canadian Bisley Team and had such an amazing time that I am returning this year with another group of amazing shooters to learn even more. With an individual win and a few personal bests under my belt, I am ready to keep the momentum going. I have also been selected for the 2019 Canadian Palma Team going to New Zealand.

“Don’t be afraid to give up the good to go for the great.”

-John D. Rockefeller

I live in Ottawa, Ontario and am currently a student in the middle of my library and information program as well as a mom to a beautiful little girl.

Stan Frost

Stan lays no claim to being the best shot on this year’s team but he certainly is the most experienced, starting in 1953. Over the years he has represented Canada in air rifle; smallbore prone, three-position and standard rifle; service rifle; 300 metre army rifle and free rifle; target rifle, match rifle and F Class. He first shot for Canada in smallbore in 1957 and has competed in ISSF World Championships, the Pan-American Games, the Dewar, Pershing Trophy, Kolapore, Mackinnon, Palma, Empire, Australia, Canada and Commonwealth Matches. He continues to be an ardent advocate of 0.223 Target Rifle (and F Class), winning the Canadian Championship many times.

After a long career in the nuclear industry, followed by many years in radiation protection and associated epidemiology, Stan has finally retired from all paid work, leaving him free for DCRA work and more household chores. He still lives in hope of developing a really good long-range 0.223 load. His collection of single malts eases his pain on each successive failure. He maintains a large wine cellar so as to have something appropriate for every culinary offering from wife Anne, a Cordon Bleu chef. As always he looks forward to continuing his exploration of the subtleties of English ales and Scottish single malts.

Bianca Fung

Bianca is very excited to be back again in Bisley this summer and representing Canada. She has been shooting for over 13 years. Bianca had her first Bisley experiences in 2013 as a junior coach and in 2016 as the head coach of the RCAC National Rifle Team. Last summer was her first time representing Canada on the senior team. She had an amazing time in Bisley 2017 and was a part of the winning Overseas team match. She is looking forward to meeting new people this summer and competing in another Imperial Meeting! In her civilian life, Bianca is an avid 21st century classroom teacher that loves combining technology into every subject. When she is not working, she is a serious foodie that loves to travel and design hand-lettered creations for weddings and events.

Stephen Hunt

Stephen moved to Canada in 2004 and is now a resident of Burlington, Ontario with his partner Sherry Power, having previously worked and/or lived in the UK, Australia and Switzerland. Stephen works as an independent software consultant, which supports his other life as Target Rifle (TR) shooter and coach.

Stephen took up TR shooting in 2007 under the mentorship of Ric Melling, with his first tour accompanying a UK LMRA team visiting Barbados and Jamaica in 2008. Stephen obtained the Canadian "Master" classification in TR and was selected to the Canadian World Long Range Championship (WLRC) team in 2010 and attended the 2011 WLRC in Brisbane, Australia, and was selected to shoot as a member of the senior Canadian Team at the 2015 WLRC, but fracturing a hand six weeks before the event prevented taking up that opportunity.

Stephen has spent the last 10 years coaching in various roles, from coach of a junior team at his local club, coaching provincial teams at National competitions and a year as the National pistol coach. Coaching has now taken a back seat, to concentrate on the family, the business and to try and find a more balanced approach to life.

Jeff Jenkins

PMP, CD

Jeffrey is a retired Naval Officer after 45 years' service in both the Royal Navy and Royal Canadian Navy. Jeff and his wife Linda have settled in Timberlea, Nova Scotia, not far from Halifax. They have three children living in different parts of Canada. Since leaving the Navy, Jeff has had a varied and interesting career in project management. Presently, he is still involved with the sea and is training Merchant Marine officers as the Director of Programmes and Training for PortBeacon Inc., based in Halifax. This is Jeff's sixteenth visit to Bisley as a member of the Canadian Rifle Team and he is extremely honoured to be chosen as a member of the 2018 team.

Thomas Jones

I started shooting competitively with my cadet corps in 2013 as part of the marksmanship team. The next year in 2014 I was accepted into spring rifle to compete for a spot on the fullbore program at Connaught. With the help of my coaches, I made it on to phase 1 and by the end of the summer, placed 12th out of 80 cadets. I was very happy with my improvement the following year on phase 2 when I worked my way up to 8th place, securing a spot on the Cadet National Rifle Team.

In Bisley I placed 4th during ISCRM in the cadet 100, and 1st in the schools grand aggregate. By the end of the summer I was awarded with the LGen Belzile award for top shot on the team. In 2017, I returned to Connaught to spend a summer as a fullbore coach and was given the opportunity to compete in the CFRC.

Fazal Mohideen

Fazal is very proud to be representing Canada in Bisley this summer. This will be Fazal's 9th trip to Bisley. Fazal has qualified for 14 Bisley teams, 6 America match teams, 14 Governor General's finals, 3 top 5 finishes in the GG Finals, 2 Canadian Target Rifle Championships, 1 Queens badge, waiting man at the 2014 Commonwealth Games, 1 Lt. Governors victory and 28 Lt Governors final badges. Fazal had a great trip to Bisley in 2017 and looks forward to meeting new and old friends from around the world.

Fazal will be accompanied on this trip by his wife Carmela and his two kids Andrew and Nicholas who are also avid shooters. In his spare time Fazal likes to spend time golfing and fishing.

Roger Mullin

It's July, so this must be Bisley. Once again the coffers were sufficient for a trip to shooting Mecca so here I am again. Aging fast with osteoarthritis in many joints, essential tremor and fading vision are not sufficient yet to qualify me for retirement from the TR world, although I have come to accept my role as elder statesman and cheerleader to our younger set with some grace. I retain some administrative function within ICFRA and contribute wherever possible to the DCRA's various committees. I am grandfather to two growing terrors whom I hope to encourage in our game when they are old enough. Meanwhile I plan to hold and squeeze and centre the gray blur, but most importantly enjoy the ambiance and old friends and perhaps shoot the odd fifty and then it will be pheasant season.

Scott Murray

Scott is a self-employed lawyer, sole practitioner living approximately 25 miles from Connaught Ranges in Arnprior, Ontario. He is married to Eleanor, the law firm's office manager, who stoically indulges this shooter's target rifle efforts.

Scott first competed in the DCRA Annual Matches at Connaught Range in 1962 as a Cadet and made his first appearance at Bisley in 1964. He was commandant of the Canadian Team to Bisley, 2006 and has been a shooting member of the team each year from 1982 until present. Scott was a Queen's 100 finalist on 13 occasions. He has won a number of individual matches and aggregates at Bisley including the St. George's. The winner of the Governor General's prize, Canadian open target rifle championship, and two grand aggregates, one with a record high score.

Scott has been a shooting member of teams winning the Empire, Australia, Commonwealth, Canada, MacKinnon and Kolapore matches. Possibly the holder of the high score fired in the Kolapore match.

When the target rifle schedule and time permits, other activities include a getaway camp in the woods, some boating, workshop, non-competitive skeet shooting, and hunting. Scott was a member of the Board of Directors of the Arnprior & District Memorial Hospital for the full term of 12 years and a volunteer member of additional community organizations.

Jim Paton

Jim was born in Newcastle New Brunswick, Canada. Jim currently resides in White Rock, B.C. with his wife, Anna.

Jim is a Life Member of the B.C.R.A and the D.C.R.A. Jim has been shooting full bore target rifle since 1975, while in Air Cadets in Victoria BC.

Jim has qualified for the Canadian Bisley Team for the last 33 years and always accepted his place on the Team.

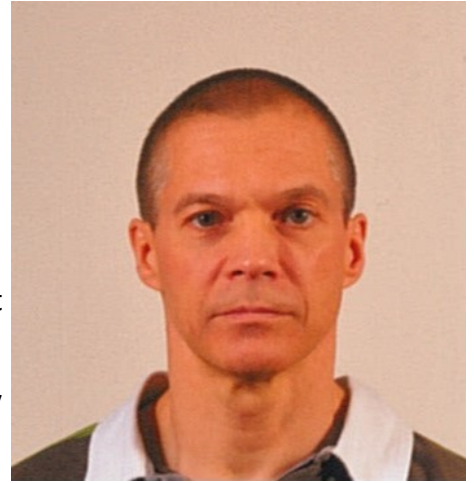

His shooting accomplishments at Bisley include winning the Queens Prize in 2005, all three stages of the St. George's, the British Open Target Rifle 2014 and a few others. At home Jim has Canadian Governor General's Gold Medals (5), Canadian Grand Aggregate Crosses (3) and a few other things. Jim won the Australian Bi Centennial Grand Aggregate in 1988 and represented Canada at the Commonwealth Games 1998, 2006, 2010, 2014 winning 1 Gold Medal and 3 Silvers.

Bernard (Bernie) Pepin

This is my fourth time in Bisley, once as a cadet, and three times with the senior team. I find it funny to say that I am with the senior team. Although I have not yet reached the senior category of shooting, it's coming faster than I would like! On that note, I must admit that I am starting to feel old! The body aches, creaks and doesn't recuperate as fast as it once did. Ho-hum, such is life.

When discussing shooting, Bisley has an allure all of its own. If it were my choice, I would live in Bisley to shoot year round! My wish is to return to Bisley as often as I can. Let's make this stay a great one!

Don Pitcairn

Don Pitcairn and his wife Sheryl keep busy running their commercial landscaping company Green Team Gardening and their edge apparel company Surrey Shirts. He writes his weekly "The Naked Truth" column in the local White Rock Sun newspaper, online at whiterocksun.com.

He began shooting at an early age being mentored by his father Canadian shooting legend Bob Pitcairn and visited Bisley in 1979 as a member of the Canadian Cadet Team. Unfortunately due to schooling, business commitments and raising a family, Don was kept close to home for years but continued to compete and medal in Target Rifle plus B.C. Service Pistol and Service Rifle competitions.

With his three daughters now on their own, Don has refocused his sights on international competition, shooting for the Canadian Palma Team at the last two ICFRA World Long Range Championships. This will be his first UK NRA Imperial Meeting in nearly 40 years and it is an important stepping stone as he prepares for the next World Championships at Trentham, New Zealand in 2019.

Look for Don on the range, he is 6'6" tall with size 15 feet and shooting his one-of-a-kind "Stealth" RPA/Gemini rifle, making him hard to miss.

Steven Spinney

Steven is from Nestleton Station, Ontario, a little town about an hours drive from Toronto. He started target shooting over 45 years ago and for the majority of that time has been a smallbore shooter. During this time he has won numerous provincial and national competitions. Although he no longer competes in national smallbore events, he still holds an international "A" Judge's license for the International Sports Shooting Federation and has travelled around the world to attend international matches.

Steven is on the executive of the Ontario Rifle Association and the Dominion of Canada Rifle Association.

About 14 years ago, Steven saw the light and took up fullbore shooting. He calculates that at the pace he is improving, he should be competitive in fullbore by the time he retires. (In another 7 years or so.) Like last year's Commandant, he hopes to keep coming to Bisley until the money runs out. He and his wife Maureen, who retired after being a longtime member of the Canadian Smallbore Rifle Team, just celebrated their 40th wedding anniversary. Since there is no time this year for a family vacation, he hopes that when he gets home from Bisley, Maureen hasn't moved and not given him a forwarding address. After her first trip to Bisley a few of years ago, Maureen has a better understanding on why Steven "needs" to come back to Bisley as often as possible.

This will be his 10th trip to Bisley on the Canadian Team.

Gale Stewart

Gale Stewart Ph.D., retired adjunct professor at Laval University in Quebec City.

This year will be my 43th year as a member of the Club de Tir Castors de Charlesbourg in Quebec City where I started shooting Pistol for a few years and (finally) saw the light with fullbore and smallbore rifle.

Being drawn by the Olympic dream, I focused on smallbore prone for most of my career with a few highlights as: tying the UIT world record twice (600/600 points), a silver medal at the Suhl (DDR) 1986 World Championships, a gold at the 1986 Commonwealth Games (pairs), a bronze at the 2007 Pan American games as well as numerous titles at National and Provincial level. The unfortunate removal of smallbore prone as an Olympic event meant an earlier retirement than expected but I found a new and exciting endeavor as National Disabled Team Head Coach.

As for fullbore, I participated at our fullbore nationals in 1988 and 1989 with a hiatus until 2013 when I came 3rd in the Grand agg. I participated for the first time in the 2017 imperial and thoroughly enjoyed the experience, so much that I shall try my best to come back every year.

Tom Walters

This is Tom's first trip to Bisley as a member of the Canadian Team. Tom started shooting with 1344 (Cardiff) Squadron Air Training Corps in Wales. He was a part of the successful shooting team that competed at the regional and national level for the ATC. Tom travelled to Canada in 1991 as part of the UK Athelings team. Upon returning from Canada, Tom continued to shoot for Wales and also Great Britain in 2003. Tom emigrated to Langley, BC in September 2003 where he started to establish a new life. Tom continued to shoot and was quickly embraced by the BCRA. Tom travelled to Australia in 2011 and Ohio 2015 as part of the Canadian Palma teams.

Tom is married to Heidi and has three young children, Austin 11, Parker 9, and Lucy 5. Tom also runs a successful business providing contract manpower to the Canadian Aerospace industry.

Peter Westlake

Peter was born in Newmarket, Ontario and started shooting through his involvement with the Army Cadet program. Peter has been a member of the ORA and DCRA since 1988. He has competed in Bisley on 12 occasions and he has also been a coach on 5 previous Palma teams, starting with South Africa in 1999.

He has also coached many victories for both Ontario and Canada and considers wind coaching a true passion. Peter has served on the Council and Executive Committees for both the ORA and DCRA for the past 20 years and is extremely proud to have been elected as the youngest Commandant ever for the Canadian Rifle team to Bisley in 2009. He was also Commandant of the Royal Canadian Army Cadet National Rifle Team to Bisley in 2012 and Captained the Canadian Palma Team to Camp Perry in 2015.

Peter is employed with the Department of National Defence as a Training Officer and currently resides in Barrie, Ontario with his wife Shannon and their almost 5 year old son William.

Mike Wong Shui

Mike has qualified 27 times for the Canadian Rifle Team and this will be his 14th trip to the Imperial Matches as a shooter. He has also been 4 times as a Coach.

As a member of The Canadian Rifle Team, Mike has also competed in Australia, USA, South Africa and Jamaica.

Mike presently works as a Dispensing Optician in Toronto and resides in Mississauga with wife Dianne.

THE MACDONALD STEWART CANADIAN PAVILION AT BISLEY

For over 100 years, Canadian Rifle Teams visiting Bisley have been well accommodated in a handsome building owned by the Dominion of Canada Rifle Association. The building is a 2 storey colonial design with a broad veranda and contains all the facilities necessary for a visiting team to be away from home. Construction began in 1897 and Canadian materials were used throughout. Displayed in one of the dining rooms are pictures of almost every Canadian Rifle Team to have participated in the NRA's Imperial Meeting. The pavilion also contains most of its original furnishings, including many interesting shooting memorabilia from the turn of the century.

Over the fireplace in the large entrance lobby hangs the stuffed head of a bison, wearing a Stetson hat, and with a cigarette dangling from its lips. Both the Stetson and cigarette are traditionally awarded to the winner of the Queen's Prize who sometimes also gets to fire the cannon which is outside on the lawn.

In 1975, the Pavilion was dedicated to the memory of Walter M. Stewart, a lifetime benefactor of the Association. His son, the late Colonel David Macdonald Stewart, was Commandant of the 100th Canadian Rifle Team in 1983. 1990 was the 100th anniversary of the NRA at Bisley, and appropriately, Mrs. David Stewart was Commandant of the DCRA team. Mrs. Stewart was again the Commandant in 1997 when the 100th anniversary of the Macdonald Stewart Pavilion was celebrated. David Stewart and Mrs. Stewart shared many goals including a continuing and generous interest in the welfare of the Macdonald Stewart Pavilion. We are most grateful for this distinguished patronage.

It will be readily appreciated that the upkeep of a large and historical structure like the Macdonald Stewart Pavilion is an expensive proposition. The Macdonald Stewart Foundation is our primary benefactor but there are, fortunately, a number of other supporters. Donations are welcome and are tax deductible.
