***** PRESIDENT'S MESSAGE *****

It is with great pleasure that I take this opportunity as the President of the Dominion of Canada Rifle Association (DCRA) to indicate how honoured and thrilled our Association is to be participating in the 2016 Imperial Meeting at Bisley Ranges.

The Canadian Team will be led this year by Mr. Steven Spinney who will be our 133rd Commandant to this historic event. He will be capably assisted by the Team Adjutant Mr. Patrick Vamplew. All members of the team are excited to be participating in this competition and look forward to not only highly competitive marksmanship but also interacting and developing camaraderie within the marksmanship fraternity from throughout the United Kingdom and various nations.

I know members of this team will keep up the great tradition of sportsmanship and companionship that makes participating in Bisley so special and cherish the honour of representing Canada. Our best wishes are extended to every member of the Team for a pleasant and successful competition.

Lastly, we would like to extend our appreciation to the National Rifle Association of the United Kingdom for organizing and hosting this exceptional competition, once again, this year.

Raymond R. Romses
Brigadier General (Retired)
President

THE 2016 CANADIAN RIFLE TEAM TO BISLEY

- Commandant*** - Steven Spinney
- Adjutant*** - Patrick Vamplew
- Team Members*** - Antony Betts

RPA Quadlite

Designed with the gun connoisseur in mind and developed from the Quadlock, the Quadlite can be customized for long range, varmint, hunting, high power or bench rest shooting. Drawing on over 30 years expertise of extreme accuracy long-range target actions, the Quadlite's pedigree is first class.

- * A modern smooth shape in a satin black finish that only weighs 2.26lbs (1.03kgs)
- * A one-piece bolt made from solid alloy steel incorporating a "cocked" tell tail
- * Actions drilled to accept a weaver/scope rail or the RPA Trakker rearsight
- * A received body barrel thread screw cut to 1.0625" x 16 UNS
- * A short firing pin travel (3.50 mm) that aids fast lock times (typically 1.5 milliseconds)
- * One-piece firing pin made from high tensile steel that uses a coil spring
- * Recoil plate has a location lug to allow barrel removal and attachment without disturbing the recoil plate position in the bedding
- * Quadlite will fit your existing Remington stock with minor modifications and use many of the same accessories
- * Readily accepts most major US triggers
- * Available in 0.308" and 0.223"

Quadlite Repeater Action

Available in 0.308" and 0.223" calibres, the quadlite repeater uses a "drop box" magazine chosen for its smooth operation. The magazine port is designed to maximize action integrity, rigidity and accuracy.

RPA Quadlock

The RPA Quadlock is the definitive single shot bolt-action receiver designed specifically for Palma (long range target) shooting. It is available in .308W calibre and should be used where extreme accuracy is required. The RPA 4-lug action produced in Tonbridge, has been the choice of champions around the world for over 30 years.

- * Redesigned round blued action
- * Two large recoil lugs machined in the solid receiver body
- * Action drilled for dovetail rail that accepts Trakker Top Mount rear sight
- * Will accept scope rail
- * A large side loading port that enables fumble free loading and keeps out the weather
- * A short firing pin travel (3.50mm) that aids fast lock times (less than 1.2 milliseconds)
- * A firing pin made from a single piece of heat-treated high tensile steel
- * Available in magnum calibre actions

New Low Pricing!

Steven Spinney

TEAM COMMANDANT

Steven is from Nestleton Station, Ontario, a little town about an hour's drive from Toronto. He started target shooting over 45 years ago and for the majority of that time has been a smallbore shooter. During this time he has won numerous provincial and national competitions. Although he no longer competes in national smallbore events, he still holds an international "A" Judge's license for the International Sports Shooting Federation and has travelled around the world to attend international matches.

Steven is on the executive of the Ontario Rifle Association and the Dominion of Canada Rifle Association.

About 12 years ago, Steven saw the light and took up fullbore shooting. He calculates that at the pace he is improving, he should be competitive in fullbore by the time he retires. (In another 10 years or so.) He and his wife Maureen, who retired after being a long time member of the Canadian Smallbore Rifle Team, just celebrated their 38th wedding anniversary. After her first trip to Bisley a few of years ago, Maureen has a better understanding on why Steven "needs" to come back to Bisley as often as possible. This will be his 8th trip to Bisley on the Canadian Team.

He is very pleased to have been chosen to be this year's Canadian Team Commandant. Looking over this year's team, he noticed that it was 25 years ago that two of our members shot in Bisley for the first time, one for the Canadian Cadet team, and the other for the British Athelings! There is also one father/daughter pairing on this year's team. For another of our team members, John Marshall from Nova Scotia, it will be 60 years ago that he made his first trip to Bisley! A truly remarkable achievement.

With a mixture of seasoned veterans and young guns, Steven hopes that this year's team makes Canada proud.

Patrick Vamplew

ADJUANT

This Bisley adventure will be Pat's 10th trip to Bisley, 9 times with the Canadian Team and once as coach of the Cadet Bisley Team. He was honoured (strong-armed) to be selected by Commandant Spinney as the team Adjutant. Pat, now a retired teacher, currently resides in Oshawa, Ontario. He now works part time as a supply teacher for the Toronto District School Board.

Pat's shooting career began in the mid 20th century as a wee sprout in the Queen's York Rangers Cadet Corps. Going to Bisley on the Cadet Team started the career. He now continues to enjoy the competition and friendships developed over the years.

Currently a member of the DCRA Executive, he works closely with the U25 program, the Electronic Target Committee and Hall of Fame Committee. Pat is currently enjoying his retirement years with his bride Donna, has two wonderful children, Gil and Kate and was recently blessed with a grandson, Luca. Since the last trip to Bisley he has worn out another carpet !!

Antony Betts

This is Antony's first trip to Bisley as a coach after qualifying for the Canadian Team on previous occasions as a shooter. He has gained international coaching experience over the last few years; coaching the Palma Match in Brisbane Australia and last year at Camp Perry USA. He looks forward to the challenges presented by the famous Bisley ranges.

Antony spends the winter in British Columbia where he is employed by Whistler Blackcomb as a ski instructor but returns to Ontario in the summer. When not the range he enjoys golf and just relaxing!

Patrick Champagne

Shooting has, and always will be, a passion in Patrick's life. He began his shooting career in 2005 at 2332 Maj EJG Holland VC RC(Army)CC in Ottawa. He quickly developed a profound interest in marksmanship and qualified for the competitive team for 4 consecutive years. Since then, Patrick has travelled to Bisley for work at the NRA of the UK in 2010 and 2011. He was also a member of the Canadian Under 25 Rifle Team at the 2015 WLRC in Camp Perry, Ohio.

Patrick is also an active member of the Canadian Forces, Cadet Instructors Cadre (CIC), to which he oversees all marksmanship training and coaches the very same competitive team he once was a member of as a Cadet. Active for three years, Patrick hopes his CIC career will continue to guide young shooters to success in both the Cadet and civilian world of shooting.

Outside the Cadet world, he is also heavily involved in the shooting sports community and continuously pursues a passion for its ongoing development in Canadian youth across the country. His hopes are to introduce and refine marksmanship skills within our youth in hopes to create a more informed and involved public in this amazing sport!

John Chapman

This will be my 8th trip to Bisley as a member of the Canadian Team and my 31st Bisley Meeting. I have also been a member of four Prairie Province Teams and Captain of three of them. As captain and coach we won 2 Junior McKinnon trophies.

I served for 22 years in the Royal Marines where my shooting career began. I had the distinction of winning the RM/RN Queens medal for shooting in 1982 and also won two NRA national service rifle competitions, the Stephens and the Standing.

I have been married to my wife Nancy for 43 years and have two children, Claire and Stephen and three grandchildren Chloe, Alice and Leo.

I emigrated to Canada in 1989 and eventually retired in June 2005, best move I ever made. I keep myself busy in retirement and am past President of the Manitoba Provincial Rifle Association and Life Governor of the Association. I also serve on Council and Executive of the DCRA. When time allows I can be found trying to play golf or completing the "to do list" at home. I look forward to another enjoyable Bisley with Steve Spinney as Commandant and to meeting all my old friends.

Wanted No reward

Stan Frost

Stan is relieved that for a change he is not the oldest shooting member of the Team. This year he will be able to enjoy all those frivolous pursuits of the younger Team members (as soon as he finds his cane and glasses).

Over the years Stan has represented Canada in air rifle, smallbore prone, three-position and standard rifle, service rifle, 300 metre army rifle and free rifle, target rifle, match rifle and F Class. He first shot for Canada in smallbore in 1957 and has competed in ISSF World Championships, the Pan-American Games, the Dewar, Pershing Trophy, Kolapore, Mackinnon, Palma, Empire, Australia, Canada and Commonwealth Matches. He continues to be an ardent advocate of 0.223 Target Rifle (and F Class), winning the Canadian Championship many times.

Off the range, Stan continues as Chairman of the Saskatchewan Radiation Health and Safety Committee, an advisory committee to the provincial government on radiation protection issues, and occasionally works on the epidemiology of uranium workers. He maintains a large wine cellar so as to have something appropriate for every culinary offering from wife Anne, a Cordon Bleu chef. As always he looks forward to continuing his exploration of the subtleties of English ales and Scottish single malts.

Cheryl Hearn

The last of the 'shooting Hearn's', I am 20 years old and from St. Joseph's, Newfoundland. I am currently in my second year of a Science Degree at Memorial University of Newfoundland. I was first introduced to the sport of shooting through the Cadet program when I was 12 years old. Growing up, I had the privilege of hearing my older siblings speak of the numerous opportunities and experiences provided to them by shooting. This inspired me to get in on the action, and hopefully get to a level where I can be competitive with them too. I travelled to Bisley in 2011 and 2012 on the Cadet National Rifle team. Last summer I competed in Bisley on the Canadian Rifle Team, and it was one of my best learning experiences to date. I am looking forward to gaining more experience from this trip, as well as 'havin a time', as us Newfies call it!

Stefan Fielding-Isaacs

Stefan was born in Scotland and defected to Canada when he was six years old. Son of Ralph & Barbara, he is half Polish and half Scots-Irish.

Stefan started shooting at 7 and joined an Olympic smallbore program in Alaska at the age of 12 (the family had moved ever farther north). After a 30-year hiatus to pursue education and a professional career, Stefan returned to rifle competition in 2011 by trying his hand at fullbore shooting for the first time.

Stefan discovered that he loved team shooting and seeks out every opportunity to join a coached team. He earned his first cap for Canada in the 2013 Australia Match where he finished as top scorer for Canada. Stefan was a member of the BC Provincial team that set a new record score at the 2014 Canadian Fullbore Championships. Stefan was top scorer for Canada in last year's Wales v. Canada match.

He lives in the United States and travels widely in the western US and Canada, shooting as many long-range matches as work will permit. Stefan works in high-tech program management as a consultant and has worked for most of America's top-tier technology firms (he currently works for Microsoft in the Tax and Finance IT department).

This is Stefan's second visit to the Imperial Meeting and he is looking forward to renewing friendships with many international shooters.

Stefan's interests include animal rescue, scuba diving, Scotch, and golf. He also has a passion for travel and finds it wonderful that he can combine the latter three interests with his participation in the Imperial Meeting.

Jeffrey Jenkins

Jeffrey is a retired Naval Officer after 45 years service in both the Royal Navy and Royal Canadian Navy.

Jeff and his wife Linda have settled in Timberlea, Nova Scotia, not far from Halifax. They have three children living in different parts of Canada. Since leaving the Navy, Jeff has had a varied and interesting career in project management.

Presently, he is still involved with the sea and is training Merchant Marine officers as the Director of Programmes and Training for PortBeacon Inc., based in Halifax. This is Jeff's Fourteenth visit to Bisley as a member of the Canadian Rifle Team and he is extremely honoured to be chosen as a member of the 2016 team.

John Marshall

John was born in Pictou County, Nova Scotia, in 1931 where he has remained his entire life. All of his working years were with Maritime Steel & Foundries Ltd in New Glasgow, eventually retiring as Vice President of Production. One of his passions was overseeing the production of the superstructures for small to major size highway bridges.

He started shooting in 1955, qualifying in 1956 for his first Bisley team with Major J.K. MacGregor as his first Commandant. John has qualified for a Bisley team in seven consecutive decades from the 1950s to present.

John has been a member of the DCRA council for many years and has served as council member and past president of the Nova Scotia Rifle Association.

John enjoys doing rifle work, especially accurizing and barrel work. In the past he has enjoyed piloting light aircraft and woodworking.

Emma McGinnis

Emma is going into her fourth year of an Honours Psychology program at Carleton University in Ottawa. She first began shooting fullbore in 2010 with her Grandpa and her Dad. In 2012, Emma began competing in local competitions at Connaught Ranges in Ottawa, as well as the Ontario Provincial Competitions. In 2015, Emma travelled to Camp Perry, Ohio as part of the Canadian U25 Team to compete at the World Long Range Championships.

In her spare time, Emma coaches wrestling and teaches Ballet, which dovetail nicely with shooting; or not. Shooting with her Dad at Bisley is dream come true for Emma, and she looks forward to adding Bisley 2016 to her shooting experiences.

Scott McGinnis

Scott began with recreational smallbore shooting and moved over to fullbore as a young teen so that he could continue shooting with his father. His first appearance at the Canadian Fullbore Rifle Championships was in 1983 as an army cadet. After a lull of 17 years, Scott returned to fullbore shooting in 2009.

This trip is special as his daughter Emma, is also on the team. With a father/daughter team in his household, he finally has an ally when he tells his wife that shooting is less time-consuming and less expensive than golf. The family calls Ottawa home. This is Scott's second trip to Bisley.

Fazal Mohideen

Fazal is very proud to be representing Canada in Bisley this summer. This will be Fazal's sixth trip to Bisley. Fazal has qualified for 11 Bisley teams, 5 America match teams, 11 Governor General's award, one Queen's badge, waiting man at the 2014 Commonwealth Games, one Lt Governor's victory and 25 Lt Governor's badges. Fazal had a great trip to Bisley in 2013 as Vice Commandant and looks forward to meeting new and old friends from around the world.

Fazal will be accompanied on this trip by his wife Carmela and his two kids, Andrew and Nicholas, who are also avid shooters. In his spare time Fazal likes to spend time coaching his kids' hockey team and watching them compete.

Roger Mullin

One of the more antiquated members of the team this year, Roger returns for his 17th visit to Bisley to shoot, enjoy friends and, when not on the range, visit the British side of his family. Now retired, he looks back on a forty year medical career with nostalgia only and has adapted well to being unemployed, now having enough time to spend with grandchildren and on his hobbies (which still include cottaging, by the way). He has shot in several countries now as an individual or part of official Canadian teams, most recently leading the Canadian Veterans team to a Bronze medal finish at Camp Perry last August. He remains involved in DCRA affairs as a Life Governor of the Association and as an annual competitor in Ottawa and serves in a couple of capacities with ICFRA. No, he has not given up his dream of becoming the oldest overseas competitor to win the Queens.

Scott Murray

Scott is a self-employed lawyer, sole practitioner living approximately 25 miles from Connaught Ranges in Arnprior, Ontario. He is married to Eleanor, the law firm's office manager, who stoically indulges this shooter's target rifle efforts.

Scott first competed in the DCRA Annual Matches at Connaught Range in 1962 as a Cadet and made his first appearance at Bisley in 1964. He was commandant of the Canadian Team to Bisley, 2006 and has been a shooting member of the team each year from 1982 until present. Scott was a Queen's 100 finalist on 13 occasions. He has won a number of individual matches and aggregates at Bisley including the St. George's. The winner of the Governor General's prize, Canadian open target rifle championship, and two grand aggregates, one with a record high score.

Scott has been a shooting member of teams winning the Empire, Australia, Commonwealth, Canada, MacKinnon and Kolapore matches. Possibly the holder of the high score fired in the Kolapore match.

When the target rifle schedule and time permits, other activities include a getaway camp in the woods, some boating, workshop, non-competitive skeet shooting, and hunting. Scott was a member of the Board of Directors of the Arnprior & District Memorial Hospital for the full term of 12 years and a volunteer member of additional community organizations.

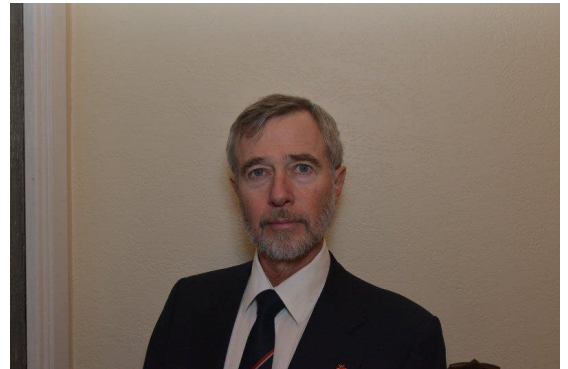

Jim Paton

Jim was born in Newcastle, New Brunswick, Canada. Jim currently resides in White Rock, B.C. with his wife, Anna.

Jim is a Life Member of the BCRA and the DCRA. Jim has been shooting full bore target rifle since 1975, while in Air Cadets in Victoria, BC.

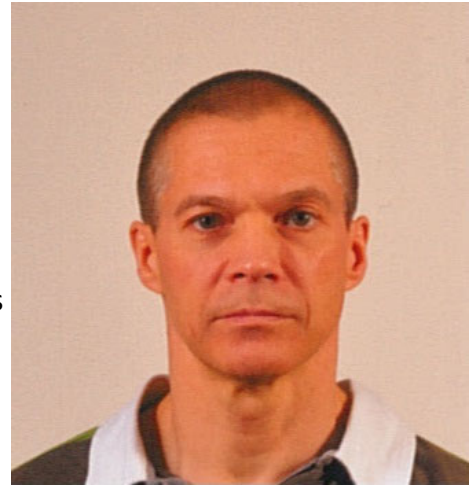

Jim has qualified for the Canadian Bisley Team for the last 32 years and always accepted his place on the Team.

His shooting accomplishments at Bisley include winning the Queen's Prize in 2005, all three stages of the St. George's, the British Open Target Rifle 2014 and a few others. At home Jim has Canadian Governor General's Gold Medal (5), Canadian Grand Aggregate (3) and a few others. Jim won the Australian Bi Centennial Grand Aggregate in 1988 and represented Canada at the Commonwealth Games 1998, 2006, 2010, 2014 winning 1 Gold Medal and 3 Silvers.

Bernard (Bernie) Pepin

Born and raised in Quebec City, I was first exposed to shooting after joining an army cadet corps in 1973. My shooting career quickly flourished and my success persisted throughout my years as a cadet. Afterward, things were put on hold while I attended post-secondary education. Due to military training, there was an additional delay over the first three years of my 27-year career in the Canadian Armed Forces (CAF). Thereafter, I resumed shooting for another couple of years, until 1985. Life in the CAF proved to be a challenge and contributed to my near 30 year hiatus from shooting. But, thanks to the support and help of Tom Maynard, I returned to shooting in the latter part of 2014.

Being away from shooting for so long, my most recent return to shooting proved quite interesting. At first I thought that I would be one of the senior shooters. However, I quickly realized that many shooters had several more years under their belts! I guess that I am not so old after all!?

Peter Redstone

2016 will be Peter's eighth trip to Bisley as a member of the Canadian Team, also competing once as a member of the Prairie Provinces Rifle Association team (2010). He first shot at Bisley as a youth while attending Haberdashers' Aske's Elstree School. Ten years after immigrating to Canada in 1971 he found that the Alberta Provincial Rifle Association shot fullbore rifle at which point he re-entered the field of competitive shooting.

Now, fully retired, Peter has more time to focus on his pursuits including fishing (ice-fishing), hunting, gardening and shooting. As well he fills many of his days building the perfect ammunition (unless his wife sends him out on numerous errands!).

Raymond Smeltzer

This is Raymond's 6th trip to Bisley as a member of the Canadian Rifle Team. He has been a member of the 2005, 2008, 2010, 2012 and 2014 Canadian Teams to Bisley as well as being a member of the 2011 Canadian Palma Team to Australia. He is very happy to have the opportunity to accompany the team to Bisley for another year. Raymond was born and raised in Truro, Nova Scotia, where he still resides. He has been employed with Pratt & Whitney Canada in Halifax for the last 18 years as a journeyman machinist in the aerospace industry.

At the age of 12 a school friend introduced Raymond to shooting smallbore at the Truro Armories. After shooting smallbore for a few years at the Armories, Elliot Campbell and his wife Norma introduced him to the fullbore target rifle scene and he has been hooked ever since. Now being actively involved with the Nova Scotia Rifle Association for a number of years, he enjoys a full schedule of TR shooting.

Pierre Tremblay

Pierre has been a member of the PQRA for over 50 years and has won many team matches and places, and qualified for the Bisley team 7 times. He also qualified for the Palma team in 2003 in England.

He comes from a family of shooters; his father, Clément Tremblay, his twin brother, Paul Tremblay, and Pierre have all competed internationally.

Tom Walters

This is Tom's first trip to Bisley as a member of the Canadian Team. Tom started shooting with 1344 (Cardiff) Squadron Air Training Corps in Wales. After a number of successful years shooting both smallbore and fullbore rifles with the ATC at the Squadron, Regional and Corps levels, Tom was selected as a member of the 1990 Athelings team to Canada. Following the Athelings tour, Tom shot for Wales and Great Britain before emigrating to Vancouver in 2003. Since 2003 Tom has been a regular BC shooter and competed for Canada in the Canada match, Commonwealth match, and was also a member of the 2011 Canadian Palma team.

Tom is married to Heidi and they have three young children, Austin, Parker and Lucy. Tom is self-employed and works in the Aerospace industry supplying Aircraft maintenance Engineers to airlines and maintenance facilities across Canada.

Peter Westlake

Head Coach

Peter was born in Newmarket, Ontario and started shooting through his involvement with the Army Cadet program. Peter has been a member of the ORA and DCRA since 1988. He has competed in Bisley on 10 occasions and he has also been a coach on 5 previous Palma teams, starting with South Africa in 1999.

He has also coached many victories for both Ontario and Canada and considers wind coaching a true passion. Peter has served on the Council and Executive Committees for both the ORA and DCRA for the past 20 years and is extremely proud to have been elected as the youngest Commandant ever for the Canadian Rifle team to Bisley in 2009. He was also Commandant of the Royal Canadian Army Cadet National Rifle Team to Bisley in 2012 and Captained the Canadian Palma Team to Camp Perry in 2015.

Peter is employed with the Department of National Defence as an Administration Officer and currently resides in St. Thomas, Ontario with his wife Shannon and their almost 3-year-old son William.

Geoff Woodman

Geoff ("Woody") started shooting full bore target rifle in 1993. Two years later he attended his first DCRA National Competition under the encouragement of iconic Canadian shooter Patrick Vamplew. Since that time he has qualified for 13 Bisley Teams.

The 2016 NRA Imperial Meeting will be Geoff's seventh trip to Bisley with the Canadian Rifle Team. He has also been a member of three Canadian Palma teams, and has participated in America & Australia team matches.

Some notable individual achievements are gold medals in the Alexander of Tunis, Gibson, Ottawa Regiment, 300M ISU Championship, and a bronze medal at the 2007 World Individual Championships. In previous Imperial competitions he has had three top 50 finishes in the grand, two Queen's badges and a St. George's final.

Geoff is looking forward to the intense competition and unique challenges at Century and Stickledown ranges, while hopefully not getting wet in the process.

Geoff is a "Bayman" who lives and works in the small coastal village of New Harbour, Newfoundland. He is an accountant for Woodman's Sea Products Ltd, a seafood processing company that employs approximately 200 people, and exports to markets globally.

Geoff's other pastimes are swimming, cycling, snowmobiling and big game hunting.

THE MACDONALD STEWART CANADIAN PAVILION AT BISLEY

For over 100 years, Canadian Rifle Teams visiting Bisley have been well accommodated in a handsome building owned by the Dominion of Canada Rifle Association. The building is a 2 storey colonial design with a broad veranda and contains all the facilities necessary for a visiting team to be away from home. Construction began in 1897 and Canadian materials were used throughout. Displayed in one of the dining rooms are pictures of almost every Canadian Rifle Team to have participated in the NRA's Imperial Meeting. The pavilion also contains most of its original furnishings, including many interesting shooting memorabilia from the turn of the century.

Over the fireplace in the large entrance lobby hangs the stuffed head of a bison, wearing a Stetson hat, and with a cigarette dangling from its lips. Both the Stetson and cigarette are traditionally awarded to the winner of the Queen's Prize who sometimes also gets to fire the cannon which is outside on the lawn.

In 1975, the Pavilion was dedicated to the memory of Walter M. Stewart, a lifetime benefactor of the Association. His son, the late Colonel David Macdonald Stewart, was Commandant of the 100th Canadian Rifle Team in 1983. 1990 was the 100th anniversary of the NRA at Bisley, and appropriately, Mrs. David Stewart was Commandant of the DCRA team. Mrs. Stewart was again the Commandant in 1997 when the 100th anniversary of the Macdonald Stewart Pavilion was celebrated. David Stewart and Mrs. Stewart shared many goals including a continuing and generous interest in the welfare of the Macdonald Stewart Pavilion. We are most grateful for this distinguished patronage.

It will be readily appreciated that the upkeep of a large and historical structure like the Macdonald Stewart Pavilion is an expensive proposition. The Macdonald Stewart Foundation is our primary benefactor but there are, fortunately, a number of other supporters. Donations are welcome and are tax deductible.

Please make donations directly to:
